Finishing Mowers

Keep your grassy areas looking good with Belco Resources Equipment Finishing Mowers. These are ideal for use with tractors ranging between 15 and 30 HP. The hitch is a Category 1 and the PTO speed is 540 RPM. This mower has 3 blades, with a blade speed of 2630 RPM, it comes in cutting widths of 5" and 6" and can be used for any type of grassy area from fields to golf courses, parks to motorway grass verges, and lawns to sports grounds.

These mowers are designed to easily adjust the cutting height, which can be altered simply by shifting the spacers mounted on the fork shaft, its 3rd anchoring point, which "floats" to allow the machine to follow the contour of the ground, and its easily-regulated belt tension, which simply requires the adjustment of a single screw.

Specifications:

- Cat. 1 hitch
- Powder coat paint
- Rear Discharge
- Solid Rubber Tires

| Model | Working Width | Overall Width | Horsepower | Number of Blades | Discharge | Tires | Weight |
|----------------|---------------|---------------|------------|------------------|-----------|--------------|--------|
| BFM-105 | 58" | 59" | 15-30 | 3 | Rear | Solid Rubber | 386 |
| BFM-106 | 71" | 72" | 15-30 | 3 | Rear | Solid Rubber | 508 |
