# DITCH BANK MOWERS

# TAR RIVER IMPLEMENTS

The Tar River hydraulic offset pivoting ditch bank mower is the ideal machine to maintain ditches or embankments around your property. Hook up to the standard 3 point like a normal flail mower that is pulled directly behind the tractor, but when in the full operating position, it will mow up to 90 ° and down to 35°. All models come standard with heavy hammer knives and a perfectly balanced rotor for a smooth operation.

## SPECIFICATIONS

- Cat. 1&2 hitch
- Powder Coat Paint
- Heavy Cast Hammer Knives
- 3 & 4 Belt drive configurations
- Adjustable Height Control Rear Roller
